TribalDiva Belly Dance Company has a community dance troupe that enjoys presenting colourful and entertaining performances at charity dinners, markets, fairs, cultural events, festivals, street parties and other community events.

Bookings can be made for solo dancers, duets and small groups through to the full troupe of up to 15 talented and enthusiastic belly dancers who will be happy to provide an engaging and dramatic performance which can include props such as veils, swords, zills (finger cymbals) fan veils, isis wings (LED options available) and large skirt dances.

As we specialize in modern fusion styles of belly dance we are able to perform to western music as well as traditional belly dance music. The troupe will also be able to theme their costumes to your event where applicable.

The troupe performs on a regular basis at Riccarton Markets, Spencer Park Gala, Oamaru Steampunk Festival and Coca-Cola Christmas in the Park.

For community performances we request payment by donation according to what is affordable for the event organisers, or to be able to put out a busking hat. We use these funds to pay for travel expenses and the hire of a theatre for our end of year show.
